

Kingsford Press Release

Kingsford Community School: A Specialist Language College and Confucius Classroom

Kingsford Community School welcomes

Ms Jin Wenjuan,
Deputy Head Teacher

and Ms Dong Yanan,
English Teacher

from the
Secondary School of Tongji University, China

as part of the
Rivers of the World programme

Friday 12th September saw the arrival of Ms Jin Wenjuan, and Ms Dong Yanan, visiting us from the Secondary School of Tongji University, China, here in the UK as part of the mayor's *Rivers of the World* programme, a project Kingsford students have been actively participating in. They were treated to lively discussions about Kingsford's International Schools projects and Confucius Classroom as well as learning more about Kingsford Community School, its history and present status and its blossoming future.

Not to mention its students! Our visitors were treated to a very warm hello by the Kingsford students, welcoming them in a variety of different and diverse languages!

Their day-long visit ended with conversations with staff members of our Creative Arts team and Languages team. They fully enjoyed their visit and were very impressed with what they saw!
